### ADE 21st CCLC Fall Conference –2013

*(Grantee leadership is **required** to attend the annual **Fall Conference**)*

This annual conference will inform grantees with 21st Century Community Learning Center Grant best practices, challenges and solutions, and team building opportunities to support the implementation of the grant. Model grantees will showcase after school program implementation best practices by facilitating various breakout sessions for varying skill levels. They will share theory and implementation strategies regarding academic achievement, youth development, family engagement, and 21st Century Grant leadership. This annual conference is planned by the Arizona Department of Education and the Vision Team (Arizona advisory board for 21st CCLC).

### Networking Meetings and Site Visit

These events are offered at various times throughout the year in different regional locations in the state. Those 21st CCLC sites that host the training coordinate with the Arizona Department of Education 21st CCLC Unit Staff and facilitate this opportunity on a voluntary basis. Participants have an opportunity to visit Arizona 21st CCLC sites that are on target in meeting their goals and objectives. Site staff will highlight the model of programming that is working at their site. In addition, participants will visit the after school program and witness first hand one way to successfully implement programming. This is an opportunity to network with other Arizona 21st CCLC staff. Participation is highly recommended.

### US Department of Education 21<sup>st</sup> CCLC Summer Institute

National speakers and 21<sup>st</sup> CCLC staff in the field focus on ensuring that after school programs engage participants and their communities in activities that effectively support learning and youth development. Over 2,000 21<sup>st</sup> CCLC participants meet for 2-3 days to learn about programs that provide high-quality learning opportunities in the content areas complemented by activities that promote positive social, physical and emotional development. There is no registration fee.
